**NOTIFICATION OF CHANGE OF NAME, ADDRESS, CONTROL, OR OWNERSHIP OF BUSINESS.**

A licensee shall promptly notify the AC Regional Director by certified mail of any change in the name, address, management, or substantial control or ownership of his business or operation, or of any additional sites, within 10 days of any change. The male lion cub was not at the home facility. The licensee indicated that the animal is kept at the residence of one of his employees. The licensee has not notified the office of this location. The failure to notify the office of such change prevents this inspector from inspecting this animal's housing facilities and the animal's health and well being. The office must be officially notified of the location of this animal and this location must be inspected for compliance with the standards and regulations or the animal must return to the home facility. To be corrected by: September 30, 2004. Number of animals affected: 01.

**ACCESS AND INSPECTION OF RECORDS AND PROPERTY.**

Each exhibitor shall, during business hours, allow APHIS officials to examine records required to be kept by the Act and the regulations. The Program of Veterinary Care was not available for review at the time of this inspection. The licensee indicated that it was at one of the TRA sites. This does not allow for the review of the Program of Veterinary Care. By not having this document available for review, this inspector was not able to examine the licensee's adherence to the program. The Program of Veterinary Care must be made available at all inspections. To be corrected by: September 27, 2004. Number of animals affected: 0.

The inspection was conducted on September 08, 2004, and the exit review was conducted on September 20, 2004.

End of report.
